

HOW YOU CAN HELP: VOLUNTEER

The success of The Susan Fazio Foundation for Melanoma Research's mission of "Help and Hope against Melanoma" depends on the generous support of volunteers who are willing to help in organizing fundraising activities. Your volunteer support enables the Foundation to raise money for critical melanoma research and educational activities for patients, family members, healthcare providers and the general public.

If you are interested in volunteering with The Susan Fazio Foundation, please email this completed form to cara.mundell@hotmail.com or mail it to:
